# Proposal Structure

Textiles New Zealand is not looking for complete proposals at this time. The aim is to quickly identify what companies would like to be involved, and what new or existing ideas or projects could be included and funded by this programme.

To register your interest and put forward a proposal outline, please fill in the **Transform Application Form** in the centre of this document.

All information provided will held in the strictest confidence and will used only in the context of this project and would be securely disposed once the identification and selection process has been completed.

The closing date for initial proposal outlines and registrations of interest **close on the 15thth January 2006.**
