Our Companies

Plus Group

www.plusgroup.co.nz

The Plus Group of Companies offers a unique range of specialised integrated horticultural solutions both domestically and internationally. Its core passion is the long-term sustainability of horticulture delivered to our valued clients through service excellence, experience, and innovation.

Pollen Plus

www.pollenplus.co.nz

Pollen Plus is one of the world's largest suppliers of high quality male kiwifruit pollen and artificial pollination services and solutions. Our products are available internationally and New Zealand wide.

Robotics Plus

RoboticsPlus funds and manages development research into Horticulture Robotics from field applications to post harvest solutions. Watch this space, we have some exciting things coming!

GroPlus

www.groplus.co.nz

GroPlus provides a world class kiwifruit orchard management service that maximises grower returns and delivers to our customers service excellence, product superiority, and innovation.

Tuhono Whenua Horticulture

www.tuhonowhenuahort.co.nz

Tuhono Whenua Horticulture Ltd is a collaboration of Māori business and horticultural leadership specifically focused on delivering sustainable productivity to Māori owned horticultural land.

Together, through our land we grow our people – “Toitū tue whenua, toitū te tangata”

Kiwifruit Processing Company

www.kiwifruitz.co.nz

Kiwifruit Processing Company Ltd (Kiwifruitz) has been processing and supplying a range of high quality kiwifruit purees and kiwifruit by-products for more than a decade. As a leader in the industry, Kiwifruitz now exports across Asia, Europe, and the Americas and continues to expand its export and domestic markets. The company has been recognised with both export and manufacturing awards for excellence and achievements throughout this expansion.

Southern Produce

www.southernproduce.co.nz

Southern Produce Ltd, based in Te Puna, New Zealand, sells, markets, and/or exports premium New Zealand and internationally grown produce, including avocados, kiwifruit, apples, blueberries, and kiwiberries, along with premium Italian and Californian kiwifruit to the New Zealand domestic market, and a growing international market including North and South East Asia, the USA, and Australia.

Heilala Vanilla

www.heilalavanilla.com

Heilala Vanilla is a true south pacific partnership, based in both Tonga and Tauranga NZ; growing, processing and marketing an award winning range of 100% pure Vanilla products. The 100% pure vanilla product range includes Vanilla Beans, Extract, Paste, Sugar, Syrup and Ground Powder which is marketed to speciality food retail, food service, and food manufacturing market segments in over seven countries.

Locus Research

www.locusresearch.com

Locus Research is a product development and innovation consultancy. We create world class products and deliver them to market. Since 2002 Locus Research has built a reputation for deep research, original design, and effective implementation. We have integrated life cycle thinking into the product development process and are a leader in the adoption and implementation of design research into the development process.
